THESE MEN can tell exactly what's happening inside every barrel in a lack Daniel's warehouse.

In the heat of summer the whiskey is expanding into the charred inner wood of the barrel. Come Halloween it's starting to cool. And inching its way back toward the middle. Over the aging period, this gentle circulation is going on constantly.

Of course, it takes years of experience for our barrelmen to recognize such subtle activity. Bur you'll notice its importance with your very first sin of Jack Daniel's.
